It is just as easy to drift into danger as to drive into it. The progress is slower but the end is equally sure. It is the gradual progress of drifting which bluds to the danger. Men and women drift into ill-health in such a way. There is a little feeling of oppression after eating. After a time it passes away. Some day it returns and brings another symptom-headache, perhaps. Something is done to relieve the headache, but nothing to relieve the cause. So one more victim goes drifting on to the rocks of disease. Young women who are teaching or studying are very apt to become victims of disease of the stofnach. They eat injudiciously, in some cases, and in general the brain is too occupied to allow the stomach the blood necessary to carry on its functions. Hence in time the organs of digestion and nutrition are totally deranged, and the young graduate goes home a chronic invalid.

The timely use of Dr. Pierce's Golden Medical Discovery will avert such a condition; the faithful use of it in chronic cases will effect a complete cure.

"I was troubled with very frequent headaches, often accompanied by severe yamiling," writes.

The Wheeling team won its third consecutive victory yesterday afternoo from the Columbus-Springfield-Grand Itapids aggregation which is being steered around the Inter-state circuit by Frank Torreyson. Parvin and Harper were the opposing pitchers, and the Columbus man, who has so often been a stumbling block in the path of the Stogies, had nothing in stock yesterday the home team couldn't negotiate successfully. Parvin was effective in the earlier innings, but in the latter part of the game he was hit hard, and only sharp and errorless fielding of the locals kept the score down. Features of the ne were sensational catches by Cote and Niles, the former's being a running catch negotiated up against the grand stand after a hard run.

## BASE BALL COMMENT.

The series with Columbus will be wound up this afternoon with a doubleheader for one admission, an attraction header for one admission, an attraction extraordinary that ought to bring out the fans in large numbers. The first game will be called at 2 o'clock sharp. For the Wheelings the pitching will be put up by Poole and Wells, and as both are in excellent form the prospects for four straight from Torreyson's crowd

In the spring of 1898 Wheeling was ejected from the Inter-State team and its team taken to Grand Rapids.

In the spring of 1899 the Springfield team was acquired for Wheeling.

Now the former Wheeling-Grand Rapids-Columbus team finds itself in Springfield. Springfield.
So Springfield has the fornder Wheeling team and Wheeling has the old Springfield team.

A few games like yesterday's will bring out the fans again.

O'Hara appears to be a good man.
